## RAILWAYS.

AJO VALLEY R. R.—J. Edwin Jones, Treas., 10 Tremont St., Boston, Mass., informs us that this proposed railroad will be about 125 miles long. It will extend from Theba, Ariz., to the Ajo Copper mines and to the Mexican boundary line. Capital is partly secured. Right-of-way is obtained, survey has been made. Construction contracts will be let in the near future. Michael Meehan, 10 Tremont St., Boston, is Pres.; F. A. Bordwell, Tucson, Ariz., is Ch. Engr. Noted on April 2.

ALTUS, ROSWELL & EL PASO.—Contracts have been let for the first 15 miles of grading on the Altus, Roswell & El Paso R. R., which will be constructed from Altus, Okla., to El Paso, Tex., a distance of 400 miles. J. E. HINES, of Frederick, Okla., was granted the contract for seven miles, and NELSON ANDERSON, of Wichita Falls, Tex., the contract for eight miles. Noted last week.

CANADIAN NORTHERN.—Official announcement is made that this company plans to build the following lines in Manitoba this year: Adelpha, Man., westward, ten miles; from a point north of Virden, Man., crossing the Canadian Pacific R. R. tracks, ten miles; from a point on the Rossburn branch through Rapid City, Man., to the Viola Dale District, 25 miles. M. H. McLeod, Winnipeg, Man., is Gen. Mgr.

CHARLESTON, PARKERSBURG & WESTERN.—C. P. Peyton, Ch. Engr., Charleston, W. Va., advises us that this railroad will be built from Charleston to Parkersburg, W. Va., a distance of 50 miles. Surveys are partly made and right-of-way partly secured. Date for letting contracts is uncertain. A. S. Alexander, of Charleston, is Pres. Noted on March 5.

CHICAGO, ROCK ISLAND & PACIFIC.—The line between Shawnee and McAlester, Okla., will be ballasted and 85-pound rails laid. H. G. Clark is Division Engr., Little Rock, Ark.

CHESAPEAKE WESTERN.—W. E. D. Stokes, Ansonia Hotel, New York City, purchased this railway on April 22. It extends from Elkton to North River Gap, Va., via Harrisonburg, 41 miles. Extensions are proposed.

COPPER RIVER & NORTHWESTERN.—Active construction is in progress on the new line from Cordova and Katalla to the interior of Alaska. M. J. HENEY, Colman Bldg., Seattle, Wash., is the contractor for the work, as noted previously. The line is intended for the coal traffic from the Bering Lake district and the copper ore traffic from the Copper River and Chitina Districts. E. C. Hawkins is Vice-Pres. and Ch. Engr., Seattle, Wash.

DENVER, LARAMIE & NORTHWESTERN.—Company plans to begin construction on the first section of its line from Denver to Fort Collins, Colo., about May 1. C. S. Johnson is Pres., and R. H. Dwyer, Ch. Engr., Denver, Colo. As previously noted, surveys have been made and approved for the first section, from Denver to Fort Collins, Colo., 125 miles. The proposed road will extend from Denver to Laramie, Wyo., 450 miles, and eventually to Helena, Mont.; Moscow, Idaho, and Seattle, Wash.

EL RENO, RED RIVER & PACIFIC.—Incorporated in Oklahoma with a capital of $5,000,000 to build a railway from El Reno, Okla., southwesterly through the counties of Caddo, Washita, Kiowa and Jackson. The incorporators are: H. C. Bradford, L. B. Pennell, G. G. Lewis, M. D. Libby and F. E. Gillette, all of El Reno, Okla. The railway will be about 145 miles long. Estimated cost is $30,000 per mile. The Western Construction Co., of El Reno, capital $500,000, has also been chartered by T. J. Mitts, J. T. Bradford and C. F. Adlesperger, of El Reno, to build the railway.

FLORIDA & GEORGIA.—MASON BROS., of Bridgeport, Ala., have been awarded a contract to construct ten miles of railroad for the Florida & Georgia Ry., and 30 miles of trestle for the same line between Douglas and Valdosta, Ga. Work will begin at once. Noted on April 16.

GRAND TRUNK PACIFIC.—Bids for grading for a distance of 100 miles westward from the McLeod River, west of Edmonton, Alta., will be let May 15; and contract for grading 80 miles west from the end of the McLeod River contract will be let on June 22. This

For work already done, contemplated, or under way in western New York, the following are among the larger appropriations: New boiler shops and crane at Depew, $55,000; improvements at Suspension Bridge, $80,000; block station, Broadway, Buffalo, $8,000; same, Grace St., Buffalo, $7,000; same, Black Rock, Amherst St., Buffalo, $12,000; automatic signals for belt lines, Buffalo, $36,000; block station, Harlem St., Buffalo, $12,000; interlocking plant at Emslie St., Buffalo, $45,000; boiler plant at West Lockport, $8,000; automatic signals from Lockport to Lockport Junction, $16,000; interlocking plant, West Batavia, $11,000; same at Depew, $28,000 coaling station, heating fans, etc., East Buffalo, $144,000.

NEW YORK, N. Y.—We are advised by Henry Holder, Jr., Arch., 242 Franklin Ave., Brooklyn, that he has prepared plans and will let contract at once for a 2-story and basement paper-box factory for F. C. Meyer, Glendale. Cost, $12,000.

PITTSBURG, PA.—The Pittsburg Brick Co. will build a manufacturing plant at a cost of $100,000. Walter Spellman, of Kansas City, Mo., is interested.

CONNELLSVILLE, PA.—The Aluminum Mfg. Co., of this city, has been formed with a capital stock of $30,000, and will build a plant at South Connellsville, Pa. Plans for the plant are being prepared by the Industrial Engineering Co., Drexel Bldg., Philadelphia, Pa. The company will manufacture aluminum from an aluminous clay. J. A. DeWitt and C. D. Schell, both of this city, are interested.

MEADVILLE, PA.—The WALTER G. HARPER LUMBER CO. has been awarded contract for constructing two buildings for the William Page Boiler Co. The mounting building, 50 ft. wide × 190 ft. long, will extend from the north end of the machine shop building towards South Main St., and will contain, in the street end, the company offices, 50 × 20 ft. The shipping building, which will have an elevated floor (car floor height) will be 60 ft. wide and 100 ft. long, and will face the private railroad switch, parallel with the street.

SCOTTDALE, PA.—Corrigan, McKinney & Co., Perry-Payne Bldg., Cleveland, O., have awarded the contract for the iron work on the new furnace and hot blast stoves at the plant here to the VARIETY IRON WORKS, Hamilton and East 40th Sts., Cleveland, O. The contract for the concrete foundations has been awarded to BAUGHMAN & NEIDMIER, of Youngstown, O. About 2,500 cu. yds. of concrete will be required. In addition to the construction of the furnace, which will have a capacity of 350 tons of pig iron a day, the contract calls for the erection and equipment of a boiler house, cast house, pumping station, haulage system and electric light plant. The improvements will cost $350,000. W. H. Everhart, of this city, is the Gen. Supt. of the plant.

CLARION, PA.—The Pearl Glass Co., whose plant was destroyed by fire a short time ago, has decided to rebuild the entire plant at once. The plant will cost about $75,000, and will be built of brick and concrete, as nearly fireproof as possible.

MILTON, PA.—The iron works of the Milton Mfg. Co. were destroyed by fire at a loss of $250,000. It will be rebuilt as soon as plans can be prepared and contracts awarded. Elmer and George Shimer are at the head of the company.

CONWAY, [illegible]A.—Plans for the enlargement of the Conway yards and shops of the Port Wayne division of the Pennsylvania Lines west of Pittsburg, are in the hands of the executive officials. Authority was given to the engineering department more than a year ago to prepare plans for new work to cost about $500,000. Thomas Rodd, Pittsburg, is Ch. Engr.

LAWRENCEVILLE, VA.—The Lawrenceville Lumber & Box Co., recently organized with $25,000 capital stock, will establish a plant to manufacture lumber into building materials and box shooks; output, 25,000 to 50,000 ft. daily. The company will erect a 120 ft., frame, with galvanized roof. W. Sledge is Pres. and Treas., W. S. Peebles Vice-Pres. and George W. Wesson, Secy and Gen. Mgr., P. O. Box 197, Lawrenceville.

HORSE SHOE, N. C.—The French Broad Mfg. Co. has recently incorporated, purposes to build a mill for the production of fine or high grade cotton yarns. The plant is to be located at Horse Shoe, N. C., near Hendersonville. It is reported that 10,000 spindles will comprise the equipment. J. G. Hood, of Charlotte, N. C., will be interested in the management.

CHARLOTTE, N. C.—A cotton factory will be established at Charlotte for the manufacture of fine combed yarns, numbers 60 to 100. Among those interested are the following: Thomas S. Lillard, Secy. and Treas. of the Fidelity Mfg. Co.; W. W. Hapgood, H. C. Watson, W. A. Watson, Paul Chatham, H. T. Sherrill, J. L. Sexton, D. H. Anderson, John R. Pharr and others, of Charlotte. The company will be incorporated with a capital stock of $250,000 and is to begin operations with $125,000 paid in. Its incorporation will be arranged for the near future, and then the stockholders will meet to effect permanent organization. The equipment of the mill will comprise 5,000 spindles and accompanying apparatus, and the plans and specifications are to be given consideration soon.

ATLANTA, GA.—James P. Field, 24 South Broad St., Atlanta, advises us that he proposes to buy land containing pulp wood, and if he does he will construct a pulp mill thereon.

ANNISTON, ALA.—The Woodstock Iron Works is about to begin reconstruction of Furnace No. 2 and it expects to build foundry later. Probable expenditure, $150,000. James M. Barr is Pres., Atlantic Trust Bldg., Norfolk, Va.

RICHBURG, ALA.—It is probable that the Henderson-Boyd lumber mill will rebuild the dry kilns and planing mill, destroyed at a loss of about $100,000.

FOSTORIA, OHIO.—The Fostoria Provision Co. has been incorporated by Henry E. Bowersox and Adam Bowersox of Toledo, August Fiechtner, of this city, and E. D. Latimer and Alex. T. McCrea, of Cleveland. This company will operate a packing house industry in this city, and will manufacture ice for its own and outside use. Work will be commenced on the building of the plant as soon as it is possible. Capital, $100,000.

NORWOOD (Cincinnati post-office), OHIO.—The Directors of the U. S. Printing Co., Sixth St. and Eggleston Ave., Cincinnati, will erect a printing establishment at Norwood. The plant will be of concrete construction, 300 × 380 ft., and work will be commenced as soon as possible. The improvement will cost about $350,000.

CINCINNATI, OHIO.—The Joseph C. Butler Estate, Commercial Tribune Bldg., will build a 5-story factory structure capable of bearing 350 lbs. to the sq. ft. The improvement will be built on the site of the warehouse on the north side of Sixth St. east of Carr St., which was destroyed by fire several weeks ago. Plans for it are being prepared by W. W. Franklin, Arch., Glenn Bldg. It will be 50 × 100, of brick, iron and mill construction.

YOUNGSTOWN, OHIO.—The Lake Shore & Michigan Southern Ry. Co. will build a round house at McGuffey St., on the site of the old one. The new building will contain 12 or 15 stalls. In addition, an air brake plant and a coal chute for coaling the engines will be installed in the yards at McGuffey St. S. Rockwell, Cleveland, Ohio, is Ch. Engr.; L. G. Parish, Cleveland, is Supt. of Motive Power.

CAPITOL PLANS.—Porto Rico.—The government commission appointed to select plans for the capitol at San Juan, Porto Rico, has awarded the first prize to Frank E. Perkins, an architect, 1133 Broadway, New York. The building, which is to be of reinforced concrete, decorated with marble and bronze, is designed in the Greek Doric style throughout, with the exception of the low dome. The slight elevation of the dome was decided upon by Mr. Perkins because of the effect the tornadoes of the island might have on a loftier structure. Another concession to the climate is the fact that there will be no glass in the building, the windows being closed by shutters. The capitol will house the Executive Council, the House of Delegates and the Supreme Court. An appropriation of $300,000 has been made for it.

ENGINE AND GENERATOR.—Panama.—Award has been made by Col. H. F. Hodges, General Purchasing Officer, Isthmian Canal Commission, Washington, D. C., for (a) one cross-compound four-valve Corliss, non-condensing engine and (b) one direct-connected 400-KW., three-phase, 2,300-volt generator, to the BALL ENGINE CO., Arcade Bldg., Philadelphia, at $10,500 for (a) and to the GENERAL ELECTRIC CO., Schenectady, N. Y., for (b), at $4,845.

## PAVING.

Hornell, N. Y., April 28, 1908.

Sealed proposals will be received by the Board of Public Works at the office of the City Clerk of Hornell, N. Y., until 3 P. M., Tuesday, May 19th, 1908, for grading, curbing and paving with vitrified brick or block on concrete foundation, Pleasant Street and portions of Genesee, East Main and North Main Streets.

Plans and specifications may be seen at the office of the Board of Public Works where proposal sheets may be obtained by bidders.

Approximate quantities are:

Pavement, 13,160 square yards.
Curbing, 7,660 lineal feet.

FREDERIC LEACH,
18-1t. Supt. Public Works.

## TO CONTRACTORS.

Chicago, Ill.

Sealed Proposals addressed to the Board of Trustees of the Sanitary District of Chicago and endorsed "Proposals for the equipment of the eight-track bridge at Campbell Avenue" will be received by the Clerk of the said Sanitary District at the offices of the said district on the 15th floor of the American Trust Building, Chicago, Illinois, until 12 m., Standard time, on Wednesday, May 27, A. D. 1908, and will be publicly opened by the Board of Trustees at a meeting to be held on that day, or the first meeting thereafter.

The work for which said tenders are invited consists of supplying all materials and labor, excepting for electrical work and interlocking, necessary for the equipment of the eight-track bridge for the Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, the Chicago Terminal Transfer Railroad Company and the Chicago Junction Railway Company, crossing the main drainage channel of the Sanitary District of Chicago at Campbell Avenue, Chicago, Ill., so that said bridge may be operated as a movable bridge to allow navigation in said channel.

Said bridge consists of four parallel double-track through-arch spans of two leaves each, which are so constructed that by the addition of said equipment consisting of track girders, segmental girders, counterweight, machinery and other necessary work, the bridge may be operated as a rolling lift bridge of the Scherzer type.

The said work is to be performed in accordance with plans, specifications and contract furnished by the Sanitary District of Chicago, which plans, specifications and contract may be obtained upon application at the said office of the said district.

Each bid must be accompanied by a certified check or cash to the amount of twenty thousand ($20,000.00) dollars. All certified checks must be drawn on some responsible bank doing business in the City of Chicago, and shall be made payable to the Clerk of the Sanitary District of Chicago. Said amount of twenty thousand ($20,000.00) dollars, deposited with bids, shall be held by the Sanitary District until all of the respective bids for said structure have been canvassed and the contract awarded and signed. The return of said check or cash to the bidder to whom said work shall have been awarded will be conditioned upon his appearing within ten (10) days after receiving notice of such award, with bondsmen, and executing a contract with the Sanitary District for the work so awarded, and giving a bond, satisfactory to the Board of Trustees, for the fulfillment of said contract for the equipment of said bridge in the amount of one hundred thousand ($100,000.00) dollars.

A deposit of fifteen ($15.00) dollars will be required for each set of plans and specifications taken out, said sum of fifteen ($15.00) dollars deposited, to be refunded by said Sanitary District upon the return of said plans and specifications to said district.

All bids must be upon blank forms furnished by the Sanitary District.

Bidders are required to state in their bids their individual names and places of residence in full.

The said Board of Trustees reserves the right to reject any and all bids.

THE SANITARY DISTRICT OF CHICAGO,
By ROBERT R. McCORMICK,
President of its Board of Trustees.

Attest:
I. J. BRYAN, Clerk.
Chicago, May 1, 1908. 18-1t
